

# HIGH CAPACITY INDUSTRIAL SHREDDER

Feed over 500 sheets  
at a time— even entire  
ring binders.

**SHREDDING  
UP TO 3 1/2 TONS  
PER HOUR, THE 5009  
IS THE IDEAL CHOICE FOR  
LARGE FACILITIES WITH  
MASSIVE WORKLOADS.**

◀ Safety and convenience are combined  
in one handy panel that includes key lock,  
push buttons with optical indicators,  
plus main and emergency switches.

## DESTROYIT 5009 FEATURES

- Large feeding table with conveyor belt delivery.
- Easy to use control panel includes push buttons with optical indicators for forward/stop/reverse, safety key lock, main switch and emergency switch.
- Automatic two speed motor rated for continuous duty.
- Fully enclosed shred cart on swivel casters with two 52-gallon sections for easy collection of shreds and removal of shred bag.
- Electronic controls prevent overfeeding.
- Automatic reverse and refeeding in case of paper jams.
- Optical indicator lights.
- Automatic stop when shred bag is full or paper jams.
- Entire shredder is movable on casters.
- Built-in oiler.
- Extra shred collection cart is available.

▲ Entire bound record retention files can be  
fed via conveyor belt into the extra-wide  
20" feed opening.

MODEL 5009 CROSS-CUT SHREDDER

▶ The 5009 features an innovative two speed motor that runs at top speed for smaller amounts and automatically shifts to a second speed to bulk feed 500 or more sheets at a time.

▶ Additional shred collection carts are available for added convenience and productivity in high capacity/high volume work environments.

▶ Shred cart with two 52-gallon sections rolls easily on swivel casters for safe removal from the rear of the model 5009.
