

Rapid 106 Electric Stapler

The Rapid 106 industrial stapler is one of the most effective and reliable staplers on the market. It can be used for both flat and saddle stapling. It is capable of stapling up to 40 sheets of paper at a time. Stapling can be done by using an easy-to-use foot pedal or depth adjustable triggers. Adjustable side guides make multiple stapling points easy. A grouping kit lets you link multiple Rapid 106 staplers together for quick multi-stapling projects.

Features

- Perfect for anywhere there are loose sheets to be stapled.
- Easy interchangeable parts.
- Supplied with both automatic and foot control as standard and stapling depth up to 100mm.
- Rapid 106 electric stapler can do both flat and saddle stapling.
- Binds from 2 to 40 sheets at a time.
- New design allows 2 or more staplers to be linked together for simultaneous stapling operations.
